## S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is in reality an internal inflammation—a diseased condition of the blood cells which supply the nourishment and strength necessary to sustain our bodies. Uric acid, an irritating, inflammatory accumulation, gets into the circulation because of physical irregularities, and then instead of nourishing and invigorating the body, the blood irritates and inflames the different nerves, tissues, muscles and joints, because of its impure, acid condition. The pains and aches and other disagreeable and dangerous symptoms of Rheumatism can never be permanently cured until every particle of the cause is driven from the blood. S. S. S. does this because it is a perfect blood purifier. It goes down to the very bottom of the trouble, purifies and cleanses the circulation, invigorates the blood, and completely drives Rheumatism from the system. Plasters, liniments, soothing lotions, etc., may be used for the temporary relief and comfort they bring, but a cure cannot be effected until S. S. S. has removed the cause. It frees the blood of every impurity and makes it a rich, health sustaining fluid, to bring permanent relief and comfort to those who suffer with Rheumatism. Book on Rheumatism and any medical advice free to all who write.

LONG WEAR IN EVERY PAIR

One pair of REGENT SHOES contain more proof of their equality to any \$3.50 to \$5 shoe made than pages of argument. The present great demand for REGENTS has been brought about solely by so satisfying purchasers that they return again and again for these popular shoes.

Remember, REGENT SHOES are \$2.50 instead of \$3.50 to \$5.00 merely because they are sold direct to the wearer instead of the dealer. In this way wearers pocket the usual dealers' profits.
